Silver

- SteriTouch optional coating: Antimicrobial properties will work continuously for the lifetime of the coating to deliver protection against infection-causing bacteria such as MRSA, E.Coli, biofilm, algae, mould and Salmonella
- Engraved diffusion pattern distributes light across the panel so that your graphics are slightly brighter
- Distributes light from the edge: No hot and cold spots
- 8mm acrylic, light guided panel diffuses light more powerfully.
- Artificial Sky Imagery To Be Field Installed
- Regulatory Product Certification Marks: UL, ETL, CE, ROHS, Energy Star and DLC
